

## TEA PARTY WHAT TEA PARTY?

About two weeks ago people across America assembled in numbers never seen in this Country in “mock tea parties” in opposition to National spending and taxation of Congress and the current White House occupant and members of His Cabinet. A lot of his appointees were caught not paying their Income Taxes. One was said to be so important that His not paying His Income Taxes to just forget and forgive. He is Secretary of the Treasury. He is supposed to offer advice on money problems the Country has and just look at the opposition the people expressed at gatherings all over the nation on April 15<sup>th</sup>. The major News Networks barely mentioned these meetings across America. Fox Cable Net Work had on site reporting. Fox was labeled as almost some kind of “outlaw outfit” by one major network.

Now one major auto company has declared bankruptcy and another is about to do the same. One has not received any Federal Aid and no one ever mentions their name. The reason is one family owns a majority of the stock in the company, and has since it went public. The same is true of Wal-Mart. When a decision is made to interfere by the Feds concerning these type Corporations, the Federal Government is going to have to Federalize them and that MIGHT BE WHEN THE PEOPLE OF AMERICA wake up.
