

La. MEMBER OF CONGRESS LIES.

I know it makes no difference that I write about this. It will not change any ones mind especially plain old voters in La. They expect politicians to lie or as the politician would put it not tell all the truth. A Republican from South Louisiana said He voted for the Congressional Bill on health care because His members of the voting public wanted Him to vote for the bill. If He did not tell His voters that La. has in place a complete health care plan already. In each of the smallest towns there is a health clinic. People who cannot pay do not pay. Those who can, pay varying amounts according to their ability. At least that's the way they are supposed to work. In each city in the state there is at least one complete Charity Hospital. Those who can pay, pay and those that cannot, do not. At least that's the way it is supposed to work. If a person can pay part of the bill that person pays. At least that is the way it is supposed to work. Most of the money comes from the Federal Government in the form of Medicaid to pay the unpaid portion. The rest of the Nation should use Louisiana as a model for health care reform. If the Government (Obama) run health care plan is passed Louisiana will have to close the doors to the Charity Hospitals and dismantle its Health Clinics. It is a shame that the South La. Cao or however you spell His name did not explain that to His voters in a Town Hall meeting. Instead He lied about Obama and Pelosi giving Him something for His vote. I only hope our two Senators will let our voters know what will really happen to La. if they vote for the plan in any form when it comes through the Senate. Start over and do a reform program right in this country not a plan like Obama wants that will as He said it, ("we are going to remake the American Government). Into what?
